Web Design Intern
IDream IT Solution, Bhubaneswar
Feb 2024 - Jun 2024

- Designed and developed responsive web interfaces using HTML5, CSS3, and JavaScript under the guidance of senior developers.
- Collaborated closely with the development team to translate design mockups into functional frontend components.
- Implemented user interface enhancements and interactive features to improve user engagement and experience.
- Conducted usability testing and gathered feedback to iterate on design improvements.
- Utilized version control tools like Git for code repository management and collaborative development.
- Demonstrated proficiency in Adobe Creative Suite for graphic design and

WORK EXPERIENCE

- **QC Analyst**
  Newaetate Pvt. Ltd., Bhubaneswar.
  July 2023 – Jan 2024

  - Conducted quality control assessments and ensured adherence to company standards and specifications.
  - Analyzed product samples and recorded findings to improve product quality.
  - Collaborated with cross-functional teams to address and resolve quality issues.

PROJECTS

Project 1: Personal Portfolio Website

- Developed a responsive personal portfolio website using React.js to showcase my projects and skills.
- Implemented features such as project galleries, contact forms, and a blog section.
- Deployed the website using GitHub Pages.

Project 2: E-commerce Store

- Created an e-commerce web application using React.js and Redux for state management.
- Implemented product listing, search functionality, shopping cart, and checkout process.
- Integrated with a mock backend to simulate user authentication and order processing.

Project 3: Task Management App

- Built a task management application to help users track and organize their tasks.
- Utilized React Hooks for state management and implemented drag-and-drop functionality for task organization.
- Employed local storage to persist data across sessions.

CIRTIFICATION

- **React Js** course from Udemy.

LANGUAGES

- **English**
- **Hindi**
- **Odia**
